Dear Mr. Hill:

Mr. Newell Has asked me to write you for the  
addresses you gave him of Spanish coin dealers found by  
you in your travels. We should be very glad to have this  
information.

Dear Mr. Nor:-

Your letter asking for addresses of coin dealers in Spain rec'd some time ago and should have replied sooner but have been very busy. Would like very much to accommodate you but consider it might conflict with my own interests should I do so. I only met one dealer from whom I bought a few coins. Another dealer was away on a short vacation and missed seeing him but was told he might have some coins that would int. me. I expect to go to Spain next spring and have hopes of finding something to int. me from these dealers and others that I may find in other parts of Spain I failed to visit this trip.

Very Truly Yours

H. L. Hill
